

Celebrating Diversity with a Special **CHRISTMAS SURPRISE**

At Ropstam, we strive to create an inclusive environment where all employees feel valued and respected. This Christmas, the management of Ropstam Solutions distributed gifts to our Christian employees to showcase our appreciation for their hard work and commitment and to make their Christmas celebrations extra special.

Needless to say, these tokens of appreciation served as heartfelt reminders to our Christian family members that their backgrounds are embraced and respected at Ropstam.

The aim of organizing this event was to highlight the diversity that strengthens our family.

CONNECTING WITH TOMORROW'S LEADERS AT BAHRIA AND COMSATS CAREER FAIRS

As part of Ropstam's ongoing campus recruitment drives this past month, we expanded our outreach by participating in two major university job fairs in the city of Islamabad – Bahria University and Comsats University.

The lively Bahria University Job Fair allowed our team to engage directly with eager final-year students at our vibrant stall, answering their queries about Ropstam's innovative work culture and exciting career opportunities.

We also networked extensively with representatives of other prestigious companies in attendance, paving the way for future collaborations.

The event concluded on a high note, with the Dean honoring our team with a commemorative shield and acknowledging Ropstam's efforts.

Similarly, the Comsats Career Expo served as a bridge between fresh graduates and the professional world. Our team was deeply impressed by the ingenious final-year projects presented by flamboyant students, which displayed the remarkable potential of these bright minds.

The event also enabled networking with other enterprising companies to build an ecosystem of growth and innovation. This will prove extremely beneficial for Ropstam in collaborating with other companies in the future, opening doors to new opportunities and empowering the future generation of tech enthusiasts.

In the near future, we look forward to more fruitful campus recruiting drives as we continue to discover and nurture Pakistan's next generation of passionate graduates!

FRESH FACES, NEW HORIZONS

Ropstam is delighted to welcome fresh minds infused with bright ideas. Each new addition to our family contributes to the vibrant tapestry of our company culture. As we warmly welcome new additions to our Ropstam family, we are eager to witness not only their professional growth but also the invaluable contributions and successes that each team member is poised to bring to our dynamic work environment.

In December, a host of talented individuals, including Muhammad Umer, Laraib Bukhari, and Muhammad Haris, joined our evolving team. Welcoming them on board, we are eager to witness their talents unfold, and their meaningful contributions take shape.

MILESTONES WORTH CELEBRATING AT ROPSTAM

At Ropstam, we cherish the special journeys of our valued team members. In this context, birthdays and work anniversaries are joyful opportunities to show appreciation, promote camaraderie, and create meaningful memories together.

In the past month, we celebrated the birthdays of our esteemed colleagues Rizwan Qadeer, Abdullah Ismail, Muhammad Sufyan Khan, Faheem Ul Hassan, Nabeel Akhtar, Shahzaib Ali, and Muhammad Umer Farooq. Gifts and cards were presented to them to recognize their special day.

Furthermore, we also acknowledged the dedication, loyalty, and hard work of Kafayat Ullah, Atif Sattar, Hamza Sunny, and Saad Nadeem on their work anniversaries. Milestones like these remind us to appreciate one another, celebrate accomplishments, and continually nurture the close-knit Ropstam family we've built through collaboration and commitment to our shared goals.
